

WBF Academy Discovery Program

New live webinars - September & October 2026

TO

Aleksandar Vucic

Serbian Bridge Federation

Dear Alex,

A few months ago the World Bridge Federation launched the **WBF Academy Discovery Program**: an engaging and practical **teaching method** developed by some of the world's most experienced bridge teachers.

Created in response to the growing demand for engaging and accessible teaching materials, especially for beginners, the program can be easily adapted for use in clubs and schools alike.

The program is **completely free** to use for all WBF NBOs and their teachers.

To present the program, four live webinars were held in May and June.

Following strong demand, **three new webinars** have now been scheduled:

THURSDAY

24 September 2026
